Made in Britain

Designed by you, **built to last by us.**

For over 20 years, we've been the final touch that transforms houses into homes across the UK. What started as an ambition to deliver that 'I'm home' feeling quickly grew into unlocking a house proud expression of your style and your home. And it's this approach that keeps us doing the things no one else is.

We make finding your perfect door simple, and satisfying.

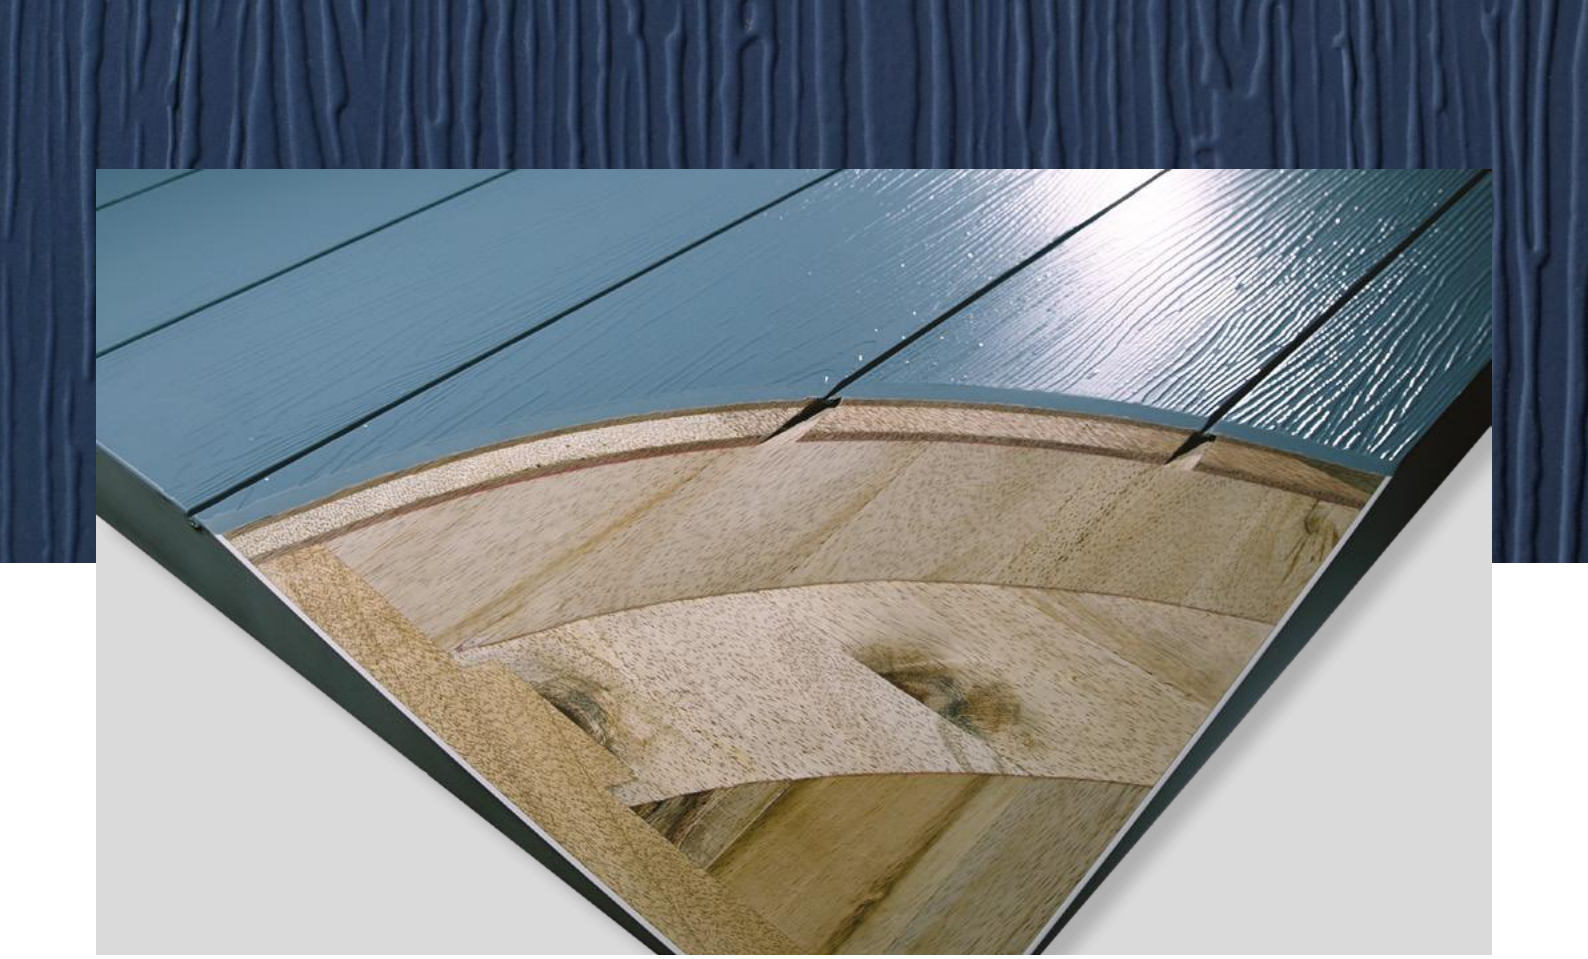
Lovingly made in Britain **and locally fitted to last**

At Solidor, we're proud to be a British manufacturer, designing and crafting exceptional composite doors right here in Staffordshire. For over 20 years, we've been trusted by homeowners across the UK, delivering doors that combine outstanding strength, security, and style.

Our commitment to British-made products isn't just about quality – it's also about sustainability. By keeping production close to home, we reduce our carbon footprint, streamline our supply chain, and take responsibility for the environment.

But we know that a great door deserves an even greater installation. That's why we partner with a network of highly skilled, local installers who share our dedication to craftsmanship. These experts ensure that each Solidor door is fitted perfectly, giving homeowners peace of mind knowing their door will look great and perform beautifully for years to come.

By keeping everything under one roof here in the UK, we maintain total control over quality, innovation, and sustainability, while supporting local jobs and businesses. It's this combination of British manufacturing and top-tier installation that makes Solidor truly special – creating doors that transform houses into homes across the UK.



Choosing **Solidor**

Solidor's unique solid timber construction delivers...

Efficient warmth and extreme security with a 44mm Solid Timber Core (48mm including skin)

A strong, thermally efficient, lead-free five-chamber outer frame, with 100%-recycled reinforcing

A scratch-resistant surface, with the entire skin made from the same durable plastic as LEGO® and a solid colour throughout

All the aesthetics of timber but none of the time-consuming maintenance, through woodgrain effect skin

A glorious look to showcase your home, with hidden edge banding

Traditional Collection

The Traditional collection brings together a range of classic designs updated for the modern era.

Door Style: Ludlow
Colour: Midnight Grey

Each one is designed to suit traditional and modern properties equally well with the combination of iconic style, contemporary materials and construction.

Traditional Collection
Ludlow

The Ludlow is Solidor's most popular style of composite door.

It's perfectly suited to both rich colours such as red and traditional woodgrain effects including rosewood. The two glazed panels can help shape the visual appearance of the overall door with options ranging from the traditional diamond to the more contemporary abstract. There's also the option of a solid door, which looks great in Irish Oak.

Traditional Collection
Conway

Available in 32 stylish colours, and delivering the safety and security of a solid timber core, the Conway is one of our most versatile doors.

The flexibility means you can choose customised options perfect for you, with an array of beautifully designed glazing, filling your home with healthy natural sunlight. Ideal for a range of properties including traditional terraced houses and semi-detached suburban homes, it's no surprise the Conway remains popular year after year.

Traditional Collection
Beeston

For a fantastic composite door, delivering safety and elegant accessories, the Beeston is an exceptional and popular option.

Combining the large glazed area with a colourful frame gives you a wonderful opportunity to make your front or back door a welcoming and distinctive feature of your home. You can specify an integral blind for added privacy and the range of door furniture – in chrome, brushed, gold, black chrome, black and white – will suit the personality of any property... or owner!

Edinburgh
Antony Costa

Blue's Antony Costa chose a Solidor front door for his family home in Essex. He chose an Edinburgh style Solidor in Schwarzbraun Black to complement a red-brick exterior and black garage doors.

Antony went in with an open mind and the experts were able to advise him on the practical and visual elements that would take his door to the next level.

"The team really helped me think about details I hadn't considered, like choosing the right glazing to let natural light in without compromising on privacy."

Features:

- Schwarzbraun Black
- Avantis Lock
- Classic Hardware Suite - Bullring knocker, Pull Knob and letterplate all in Chrome
- Full Glazed Side Panel with Stippolyte Glass

Flint Collection

The Flint range is the perfect way to set the tone for that archetypal 'British cottage' look.

It's fast becoming the number one front door for cottages, farmhouses or as a side door with a bit of character, thanks to its vertical panel effect. The range also comes with the option for single or triple diamond shaped glazing. It's proving popular as a stable door.

Flint Collection
Flint 4

The Flint 4 is a timeless cottage-style door with a bold, vertical glazed panel that enhances natural light while maintaining a classic aesthetic.

Its clean lines and versatile design make it a perfect fit for both traditional and modern homes. Combining rustic charm with the strength and security you expect from a Solidor, the Flint 4 is built to make a lasting impression.

Italia Collection

Add a touch of continental style to your home with the Italia collection, a new generation in contemporary door design.

Door Style: Palermo
Colour: Painswick

Every door in the collection has a style inspired by the Italian passion for design. Each one is handmade in Staffordshire, ensuring their quality and individuality. For added personalisation, you can choose from a range of carefully chosen glass styles and hardware, curated with the latest fashions in mind.

Italia Collection
Milano

Inspired by the greats of Italian design. The Milano is a luxurious addition to the Italia collection, offering a sophisticated, contemporary feel to any property.

The textured grain, linear design and off-set modernist glazing style, paired with contemporary accessories elevates the Milano as a door style which encompasses quality and aesthetic appeal.

Palermo
The LDN Family

Viral dance sensation LDN Family chose a Solidor door after experiencing problems with their old front door. They chose a black Palermo from our Italia range, perfectly complementing their exterior and interior décor and providing a great backdrop for their videos.

A black letter plate from our Hardex range blends in to achieve the ultra-modern, minimalist design they wanted to reflect their trendsetting contemporary lifestyle.

Holly from LDN Family says: “When I saw the composite door, I liked everything about it: the way it looked, the way it shut completely into the frame and how secure it felt. For us the priority was having a secure door that kept the cold out and looked good at the same time.”

Features:

- Schwarzbraun Black
- Winkhaus AV2 Autolock
- ES3 1800mm Bar Handle & EK53 Round Knob. Standard Black Letterplate
- Full glazed side panel with Clear glass

Arch
Doors

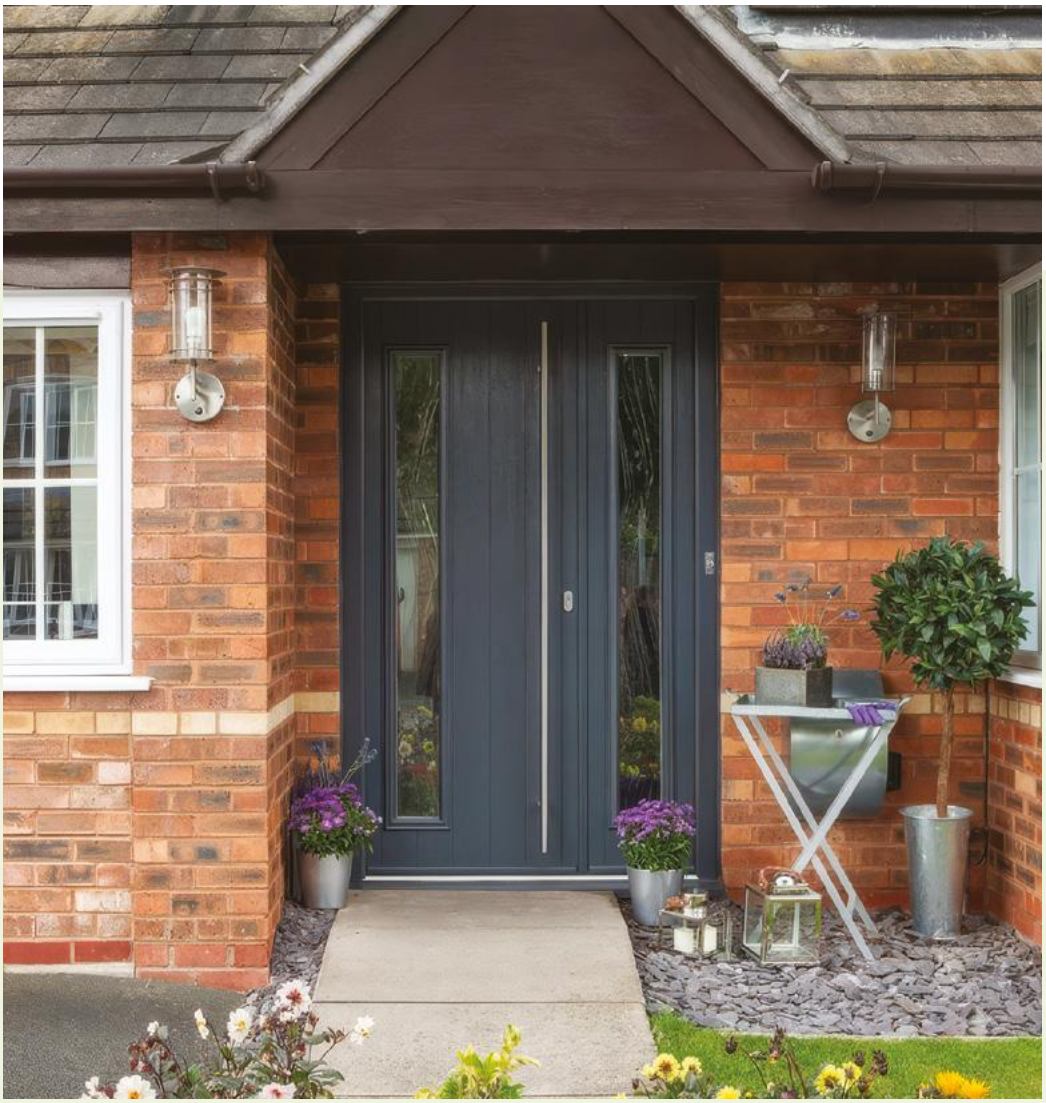
Arch doors can be a real focal point for all kinds of façade, tying together different features and adding a bit of grandeur to traditional and modern-day styles.

They're becoming more common in minimalist designs, softening architectural lines with unexpected results. Our arched composite doors come with multi-point locks, excellent insulating properties and come in all our colours and finishes.

French Doors

French doors are a neat way to bring the glamour of southern France to your home. They're also a great way to improve accessibility, increase natural light and make better use of space.

Composite French doors come with all the same options and performance as any other style, from security and insulation to strength and durability. French doors have come a long way.



Door Style: Flint 5
Colour: Painswick

Stable **Doors**

Our Stable Doors add real character. They conjure up images of cosy kitchens, warm agas and balmy summer evenings. Composite stable doors feature modern insulating technology, more robust composition and multi-point locking.

They're a perfect complement to the front or rear of your home, providing the look you're after and the functionality you need.

Available in a range of colours to match your home's aesthetic, our stable doors can be designed with heritage hardware for a rural cottage feel or modern hardware for a contemporary touch. The doors are ideal for kitchens and back doors, allowing easy access to outdoor spaces.

Each door combines character with the practical functionality demanded by contemporary living, with the high security of easy-to-use multi-point locks, using the same key for top and bottom alongside a latching bolt.

Door Style: Flint Beeston GB
Colour: White

Composite Side Panels

Side panels are a practical and handsome way to fill a wide or unusually shaped entryway.

Door Style: Ludlow
Colour: Painswick

Our side panels come in such a range of styles that they can fit contemporary architecture just as well as period styles.

They add natural light and can be a real stylistic asset by providing an opportunity for additional glazed features, finishes and decorative trim. And it goes without saying, they all have excellent thermal insulation, longevity and low-maintenance requirements.

Smart Lock
NUKI

NUKI smart locks combine technology, convenience and peace of mind.

Control your Ultion NUKI smart lock from any of these apps:

- Ultion Key
- Amazon Alexa
- Apple HomeKit
- Google Home
- Ring Doorbell
- Control4
- IFTTT
- AirBnB
- Nuki App

They allow you to control access remotely via your phone or other connected device, can be opened hands free with keyless technology and can even be set to lock automatically when you leave the house. Our NUKI smart locks are compatible with the bolt lock option.

ULTION

Safe. Secure. Solidor.

Nothing matters more than protecting your home, your family, yourself and your possessions. When you choose Solidor, your property will be as secure as possible. Our solid door construction is complemented by our unique, reinforced door frame and 'Secured by Design' locking systems.

Automatic AV4 Autolock

Our Automatic AV4 Autolock is the Winkhaus AV4, a cutting-edge multi-point locking system. Your door locks automatically when closed – there's no need for you to lift a handle or use a key – and you can enjoy the convenience and flexibility of an optional daytime latch for easy entry without a key. The magnetic release feature safeguards your door frame and minimises noise during operation. Unlocking is effortless with a key or thumbturn.

Ultion £5000 Guarantee

If an intruder breaks into your home as a result of snapping your Ultion cylinder lock, Ultion's £5000 security guarantee applies.

Lock
Positioning

Compare heritage and standard lock heights to find the perfect lock position for your door.

Standard Position

Locks positioned at a mid level height are available in either slam-shut or traditional lever operation. A combination of bolts and a centre latch provide secure closure, with flexible access to suit different preferences

Heritage Position

The heritage slam-shut lock engages automatically as the door closes, with the cylinder positioned at shoulder height for a traditional rim lock appearance. Bolts engage providing a secure closure and flexible access without the need to lift a handle.

Stable Locks

Stable doors feature a multi-point locking system with a central deadlock and a connecting bolt to secure the top and bottom halves together - Providing flexible access and enhanced security.

Preparing for the Big Day

From the moment you choose your Solidor, you can sit back, relax and let us take care of everything. Coming home will never be the same again!

Enjoy peace of mind knowing your door will be made and fitted by local experts, close by if you have any questions.

You'll be in safe hands all the way. Before installation day, your chosen installer will visit to take accurate measurements and a professional survey, ensuring your new door will fit perfectly.

On installation day itself, that old door will be expertly removed and we can take care of responsible disposal for you. Before you know it, your stunning new door will have been professionally fitted, sealed and tested for alignment and insulation.

We'll clean up everything around the door before we go, inside and out, making your home the envy of the neighbourhood. Settle back to enjoy years of trouble-free use.

And when the morning post tumbles through your stylish new letterplate for the first time, it's actually rather exciting!

Solidor Together.

With a little regular care, your Solidor will stay looking fantastic and performing beautifully for years to come. Our Door Care Guide is full of simple, practical tips to help keep your door secure while adding charm and value to your home.

And just because your Solidor is installed and you're now the proud owner of a stylish, durable, and secure front door, that doesn't mean our support stops there. Solidor Together is our dedicated aftercare service — your door is built to last, but if you ever need a helping hand, we're always here to help.

If you need any help or advice about your Solidor, don't hesitate to get in touch and we will be glad to help.

Contact us by phone on: 01782 847 300 or by email at support@solidor.co.uk
